In South Dakota and Nebraska and Nebraska the Democrats have not withdrawn their electors, and it is understood that they will support the Weaver ticket.

Nevada, Kansas, Nebraska, Colorado, Oregon and Minnesota have been considered sure Republican states. If any one of them is carried by Weaver—and he is considered almost certain to succeed in Nevada, Colorado, Wyoming and Minnesota, and possibly in all the States named—the change will insure certain defeat for the Republicans in the general result, according to to-day's out-look.
